**2025 - Group Chapters YTD Mileage**

Keep our chapter in the competition- **REGIONAL Y.T.D. - #4774 Rank** 27 to ↑ 26

**Each time you stop by - make sure that you validate your MC mileage to the merchandise counter.**

**Membership -- Jim Witt**

- We are now up to 94 Registered Members, hoping that we make it up 100 Members

We still have a short fall on members registered their milage - to date - we have only 30% of our members that have registered their milage. We would like to see those that have not as yet registered their Bike's Milage to please do.

It's simple to do - just take down your **VIN # and your current milage** to LCHD **Merchandise counter**, this will initially start the mileage count.

Then periodically, take down the same information with your new milage to LCHD **Merchandise counter** and this will start your personal annual milage count and also adds to the Chapters YTD Mileage.

**1. Group rides at a stop signs**

**YOU !** behind another rider– Give them space to move – **Don't Pressure !!!!**

- 2 Passing trucks on a group ride, (one by one)**, once you passed a truck – look in your rear-view mirror and when you can see the truck's front headlights, **only then signal and go back into the right lane.** **Don't Pressure !!!!** the truck driving putting on their brakes, beside they are bigger than you.

- 3 Hydraulic fluids - for (Breaks / Clutch).** Be very careful, Use a well-ventilated area, wear protection gear, it can cause irritation & skin burns, like one of our members experienced.
